

DEPARTMENT OF THE AIR FORCE

HEADQUARTERS AIR FORCE MATERIEL COMMAND
WRIGHT PATTERSON AIR FORCE BASE, OHIO

MEMORANDUM FOR SEE DISTRIBUTION

24 September 1996

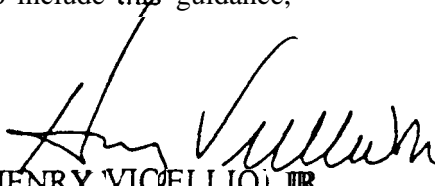

FROM: AFMC/CC

4375 Chidlaw Road, Suite 1
Wright-Patterson AFB OH 45433-5001

SUBJECT: Environmental, Safety, and Health on Acquisition Strategy Panels (ASPS) (AFMC Policy Directive 500-13, Environmental Leadership)

1. The Air Force is increasing emphasis on environmental, safety, and health issues in our weapon systems. In support of this, the Defense Acquisition Board reviews the environmental, safety, and health issues as part of the milestone decision process for major defense acquisition programs. We want to ensure that AFMC pursues this same initiative for nonmajor programs. Accordingly, we request you ensure that environmental, safety, and health experts are included on ASPS as well as other acquisition, maintenance, or modification focused integrated product teams.

2. AFMC Policy Directive 500-13 will be modified to include this guidance,

HENRY VIOCELLIO, JR.
General, USAF
Commander
